Supervised by The Lamplighter SONG OF LIFE

By Aline Michaelis

By Aline Michaelis

This is the song of life,
Hear how it runs
Through the anail's moving house,
Through stars and suns.
Hear how it echoes in
Dim ocean caves;
Rings on white mountain heights
Where the wind raves!

Where the wind raves!

Never at reat, life flows
Ceaselessly on,
Under the heaped-up leaves
When summer is gone.
Deep in the earth it sleeps,
Or in stripped tree,
Pulsing, though slower now,
Life's mystery.

This is the song of life, Boundless and sweet; Flowing through rose and star, Hear its heart beat!

This Annual Event is well known to the Women of Belleville and vicinity; because of its money saving opportunity to buy your Winter Coat and Dress at greatly reduced prices.

The J. A. ED counted on landing the job-but he Hissed out. Again he'll have to "stall" the landlord, the grocer and all the rest. One thing stood between him and a weekly pay check. His wife is somewhat reluctant to tell him. He doesn't realize that a fresh, close shave is important in getting and holding a job.

Far 100 many men shave, without being clean shaven. The blade you choose and the way you use it makes the difference. Of course you can't shave your way to independence, but a fresh, immaculate appearance will help. On the other hand, the slightest growth of stubble is a handicap.

Today Gillette offers a new blade that makes close and frequent shaving easy and comfortable. It never roughens or irritates tender skin-shears away stubborn beard quickly and smoothly. Try the new Gillette on our guarantee. You risk nothing. Buy a package and use two blades. If every shave isn't clean and pleasant-return the package to your dealer and he'll refund the entire purchase price,

RAILWAY CHANGES

Treuty years have seen great changes in the railway altuation at Belleville. It is just about twenty years since the first just about twenty years since the first manner of the seen of t

what is to be the next, with the effort to revive the interest in the railways as a means of travel and shipping and with the depression forcing the cutting of services.

DISCOVERY

The arrival of the holidays has drawn attention to the greater danger with people crossing the roadways with parcels in throngs and the attention of the motorist is pointed out in this regard. Large crowds, colder weather, must make the motorist more cautious.

The coming year
Nor doubt your horoscope,
For all you need
For dream or deed
Is just a hint of hope!

Do not turn back From the atlack. Though doubt and dread conspire; Hope on. You'll find Your path will wind To goals you most desire.

Fire tubes actually do the work of seven and do it more efficiently in these new Majestic Models. The "224" tube acts both as oscillator and detector-a new double function never before introduced in a radio set-thereby eliminating one tube. The new "247" tube has a power output equal to two ordinary "245" tubes—thus eliminating another tube. Saving these two tubes saves dollars for you!

Majestic first introduces in these radios the new "Spray-Shield" Tube - entirely selfshielded-eliminating the usual metal shield "cans." Another absolutely unique-development in radio!

Majestic Radios for 1932 not only have these noteworthy improvements-they are the lowest-price, greatest-dollar-value Majestics ever produced.

As a Confidential friend ...

The family lawyer, the family physician of many years' standing, are people in whose judgment you place confidence, and who treat your affairs as a matter of confidence.

Your banker, too, is a professional man—a member of a profession that works as much as any other in the public interest, protecting the depositor against loss and comploying his liquid surplus for the general advancement of the country. country.

Each member of the staff of The Canadian Bank of Commerce is bound by professional oath to treat your affairs confidentially.

Make use of his services, placing him on the same friendly pro-fessional footing as your family lawyer or physician.

OF COURSE the manager said, "It's the depression.
I'm mighty sorry Bennett, but business is bad and we must cut down. I hate to see you go and wish you all kinds of luck. The cashier has your check".

It's true, sales were off a bit and good policy dictated a reduction in overhead. But why was Bennett selected? The plain truth of the matter is simply this - Bennett had become careless in his appearance. He wasn't always particular about shaving.

In times like these employers are super-critical. Things that might have been overlooked two years ago are cause enough for dismissal today. With very few exceptions a fresh, close shave is vitally important in getting a place or keeping one.

In the past shaving wasn't as easy as it is now. Today Gillette offers an exceptionally keen razor blade especially made to shave tender skin without irritation. Try it on our positive money-back guarantee. Buy a package and use one or two blades. If you don't agree every shave is far superior-unusually easy and comfortable-return the package to the dealer where purchased and get a full refund.

From "the Perfect Quality Receiver" in the Scient Museum at South Kensington, London, comes the principle of Twin-Power Detection found in the 1932 Majestic Superheterodynes.

Due to this principle, nine tubes do the work of eleres in these models. Two of them are the new "247". Pentode Tubes, each of which has, the power output of two ordinary "245" tubes. These new Majestics have all the power and efficiency of an 11-tube set with the low cost of a 9-tube set.

THE PAY ENVELOPE

Canadians should see that every dollar they make in Canada goes into some Canadian pay envelope. The way to do this is to buy Produced-in-Canada goods which means the employ-ment of Canadians and the distribution

It is easy enough to insist upon Canor content and workmanship in what

alia bought.

This means more Canadian employ-

of them.

IN SONG

Aline Michaelia

All life is fashioned In song at last,
The joys impassioned
Of hours long past:
The wistful, tender
Brief dreams of youth,
The mounting splendor
Of stainless truth.

Of stainless truth.
All life is measured
Ar last in song.
The hopes if treasured,
The visions long:
Like music ringing
From wind and see,
All life keeps singing
4ts melody.
From each life rises
One note divine:
So heaven devises
Your song and mine.

All life keeps singing its bought. This means more Canadian employment. What everyone wants to see in Canada just now is more employment, asymmetric the control of the con

FAITH VISION COURAGE

... These are inherent attributes of every true Canadian.

Too much disturbing gossip—too much unjustifiable gloom—are, perhaps unwittingly, being countenanced in Canada today.

Every patriotic Canadian should be working now for a greater Canada.

Let us have aggressive, constructive leadership.

Build up I Do not tear down!

Our industrial leaders are awakening to a reauzation of a brighter future.

Retailers report an increasing demand for goods.

The shrewd consumer is buying to advantage today because the purchasing power of the dollar is greater now than it has been at any previous time in the present generation.

Put the dollar to work!

It means employment for Canadian men and women.

Well planned and efficiently directed daily newspaper advertision of benefit the individual buyer and seller. It quickens the pace of economic rorces that are already bringing nearer the return of prosperous times.

DAILY NEWSPAPER ADVERTISING

has always proved its effectiveness in the past.

It will assuredly do so today for those who employ it intelligently and courageously.

Is Time Worth Anything To You?

MOST people who buy Money Orders could save time by purchasing them at a bank. If, as usually happens, the funds for the purchase are obtained at a bank the Money Order can be bought at the same time.

In this way two transactions are very conveniently combined in one.

Money Orders are sold at all branches of this Bank. Our nearest branch will be only too glad to serve you in this respect.

"It's Always Fair Weather When Good Fellows Get Together"

On the eve of our Annual Convention, we, of the W. J. Bell Paper Co., Limited, and Associated Companies, desire to extend to the citizens of this city and surrounding communities our Sincere Season's Greetings.

The Holding of this Convention in this beautiful city of Belleville, so picturesquely situated on the shores of the Bay of Quinte, and where those great pioneers and upholders of British traditions, The United Empire Loyalists, gave so much to Canadian History, is tendered by us as a gesture of warm appreciation to our many friends who have so loyally supported us in the past.

To them, and to all other citizens, we extend the wish that this coming year, and many others to follow, may be for you ones of increasing prosperity and happiness.

Sincerely

going shopping ...

WILL SHE VISIT YOUR STORE?

Mrs. Housewife has many interests competing for her attention. She can devote only a small part of her day to shopping. Obviously she cannot visit ALL the stores in an effort to shop to her best advantage.

Therefore she selects those stores which have given her advance information through the advertising columns of her daily newspaper. She has learned that it is always more efficient, and usually more economical, to do the greater part of her shopping right at home with her Ontario Intelligencer.

It is not enough for you to give better values or service in your store. You must let Mrs. Housewife know about them. It is not enough to employ good salesmen. You must do your preliminary selling in Mrs. Housewife's own living room. The wise, modern shopper reads the Ontario Intelligencer for guidance. Is your message there?

The world looke off upon the year 1931 one year ago with a great deal of the problems which have been pressing for solition. MY KINDRED Aline Michaelia

My kindred dwell in distant lands.
I do not need to clasp their hands,
Nor do I ask their tender eyes
Or kindly words they would devise
To give me comfort, strength and cheer;
And yet, any kin are very near!

Ant yet, my an are very my lines; They see the purpose clear that shines Half-hidden by the blundering act; They sense the strength my life has lacked They know my honest, true intent, However far astray it went.
